GLARIN Views & News

GLARIN'S RECENT HAPPENINGS

At the end of March this year, the annual SIR/ARIN conference was held in New Orleans, LA. Deemed largely a success by ARIN, there were over 300 nurses in attendance at the conference this year which demonstrated an increase over previous year's attendance. Certainly there was representation of radiology nursing from all over the country as those of us able to attend met and socialized with many of our peers. Although it was not possible to attend every single educational session, the ones attended were fruitful and informative.

Perhaps the most exciting thing that happened at this year's Annual Meeting was the nomination and selection of the ARIN "Chapter of the Year" Award. On behalf of the GLARIN Board and the entire leadership team, I am happy to let all of you know that WE GOT IT!!!!!! Indeed, GLARIN was selected as the recipient of this year's award. It was an exciting thing for all of us and we owe a huge part of it to our membership. Without you GLARIN would not have even been nominated. THANK YOU!!

EDUCATIONAL OFFERINGS

GLARIN is continuing to offer innovative Webinars for members!

Online self study is available for RN CE on the website for those who may have missed previous webinar offerings. Please go to www.glarin.org for more info.

GLARIN's mission to help you stay informed in your practice as a radiological nurse and technologist. Therefore we are offering a two day Radiology Review Course June 22-23 in Chicago at Northwestern Memorial Hospital. National lecturers will be on hand to review the most current radiologic practice standards.
